

PAST,  
PRESENT & FUTURE  
1992 – 2022  
30 YEARS OF

Trent'anni di alto artigianato, mani abili e gesti decisi. Trent'anni di visioni innovative, intuizioni lungimiranti, disegni su fogli volanti, prototipi e prove, talvolta fallite, talvolta estremamente fortunate. Trent'anni di contaminazione di stili e texture, di trasformazione. Trent'anni di studio. Trent'anni di esperienze condivise, amicizie profonde e profondo rispetto per la disciplina affascinante e complessa che è il design. Questi primi trent'anni sono la migliore delle avventure, il nostro personale "capodopera".

Thirty years of fine craftsmanship, skilled hands and steady gestures. Thirty years of innovative visions, far-sighted intuitions, drawings on flying papers, prototypes and tests, sometimes failed, sometimes extremely successful. Thirty years of contamination of styles and textures, of transformation. Thirty years of study. Thirty years of shared experiences, close friendships and utter respect for the fascinating and yet complex discipline that Design is. These first thirty years are the best of adventures, our very own "capodopera".
