

Capodopera.

Bottega Capod'opera

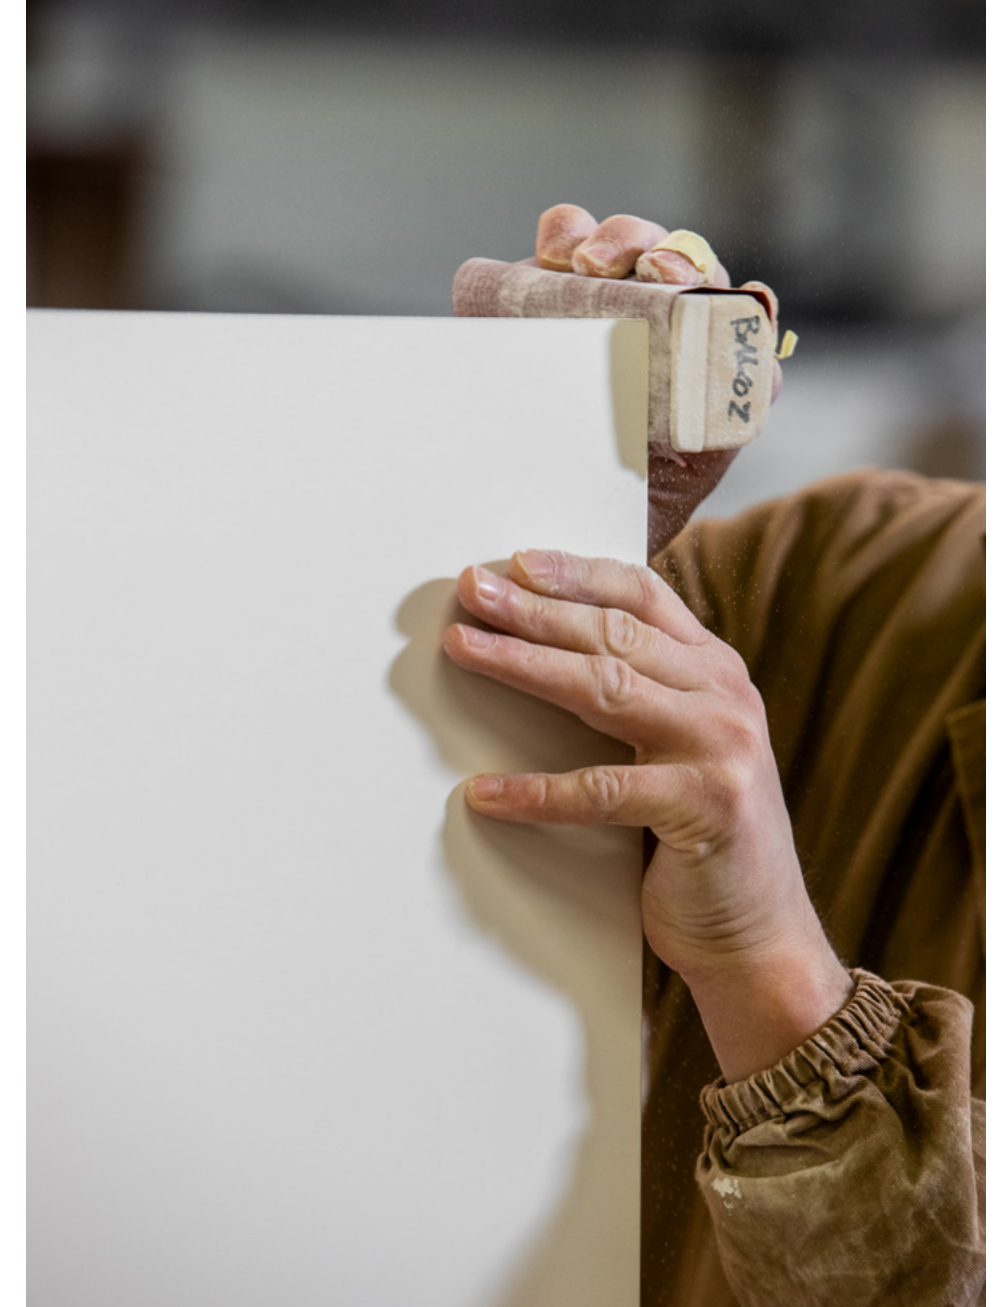

The Bottega Capod'opera is a place to come together and exchange ideas, where practical, authentic and humble know-how is generated. Just like the medieval arts and crafts guilds in which, after years of study, student apprentices presented their “capodopera”, or masterpieces, to their teachers.

Capod'opera

Textures

Here, craftsmanship meets experimentation, and every stage of production-from first sketch to final surface-is guided by meticulous attention to detail and deep understanding of materials. Artisans combine traditional techniques with creative exploration, producing furniture that is both unique and expressive.

Matt & Glossy Lacquered

The lacquering process is carried out manually, ensuring that the paint is applied evenly over the entire surface of a single piece. The colours of the Capod'opera palette give a natural effect to both shiny and opaque colours.

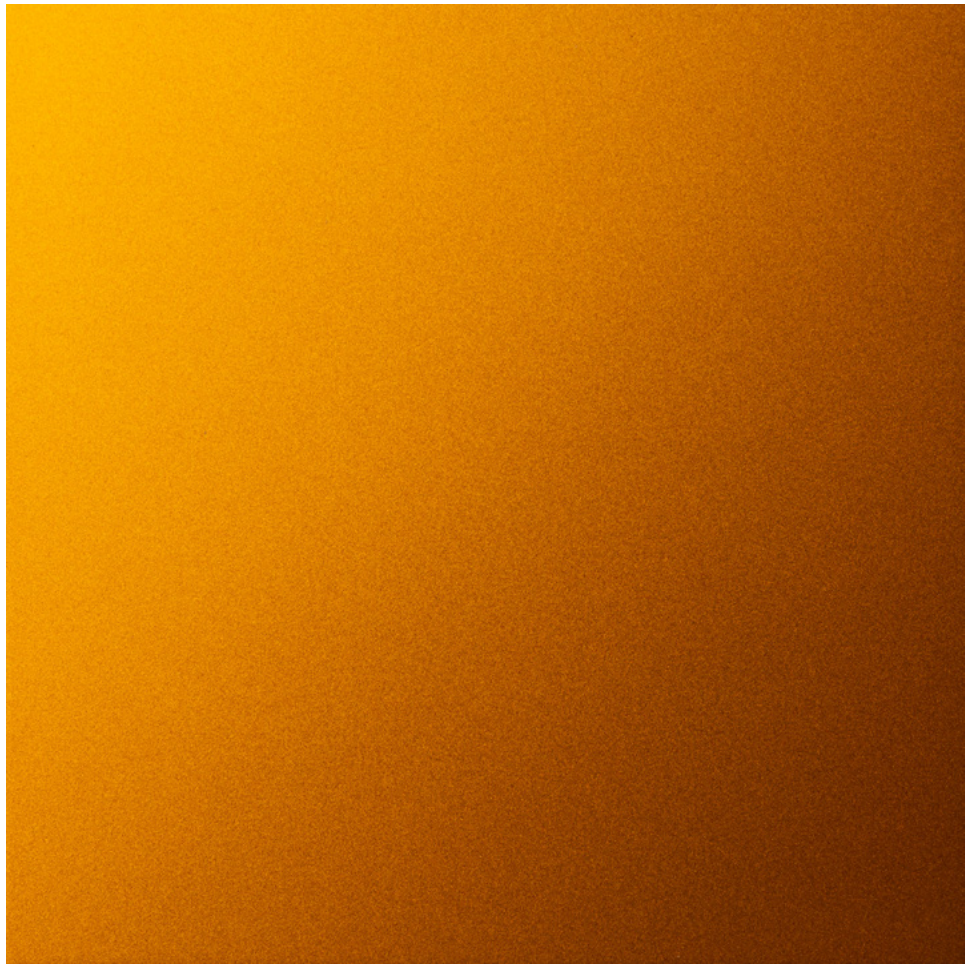

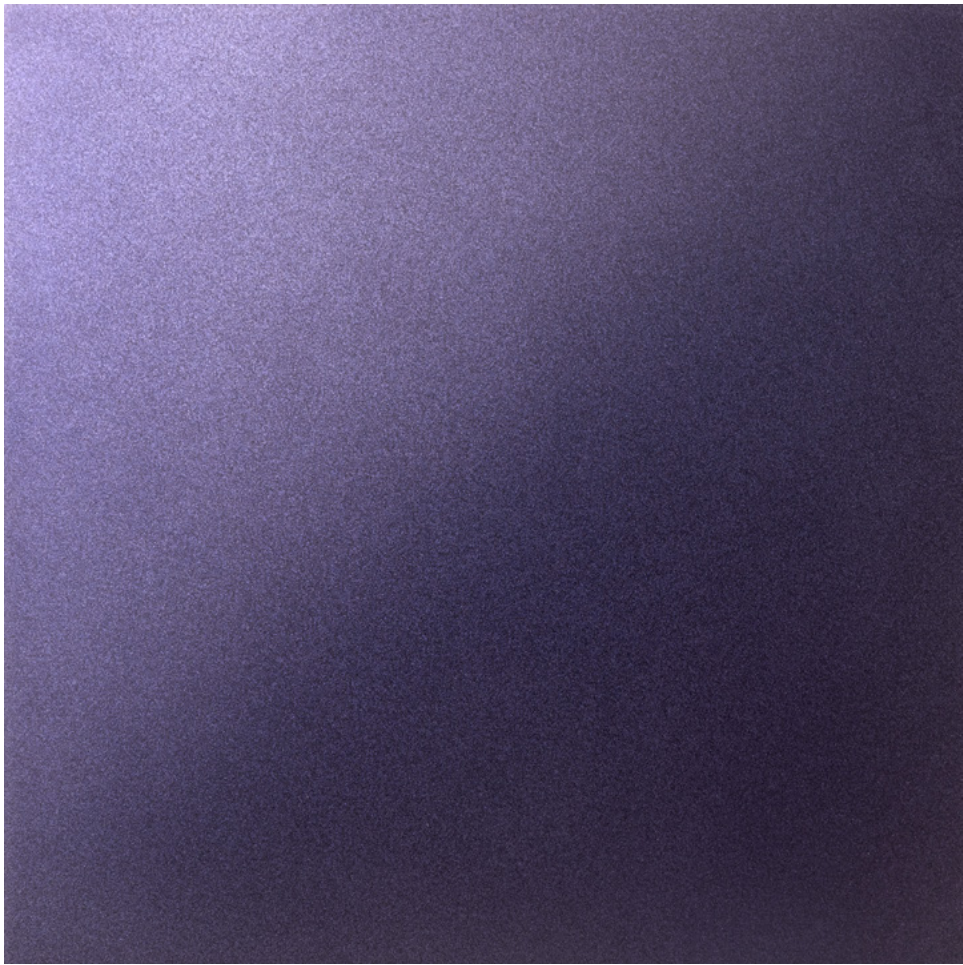

Fashion

Radiant and iridescent, this pearlescent lacquer finish interacts with light, transforming the perception of surfaces. Available in ten shades, it enhances the uniqueness of each application, creating light reflections that amplify depth and character.

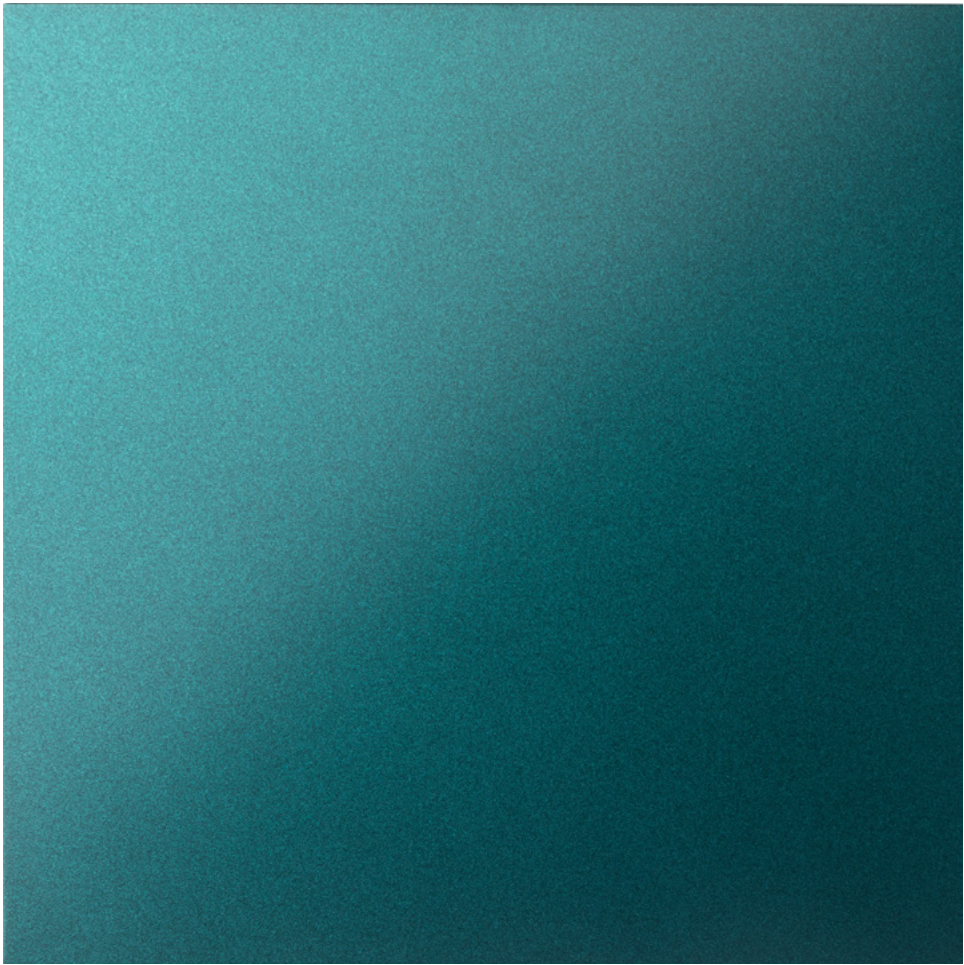

BRIGHT AMBER

BRIGHT PURPLE

EMERALD

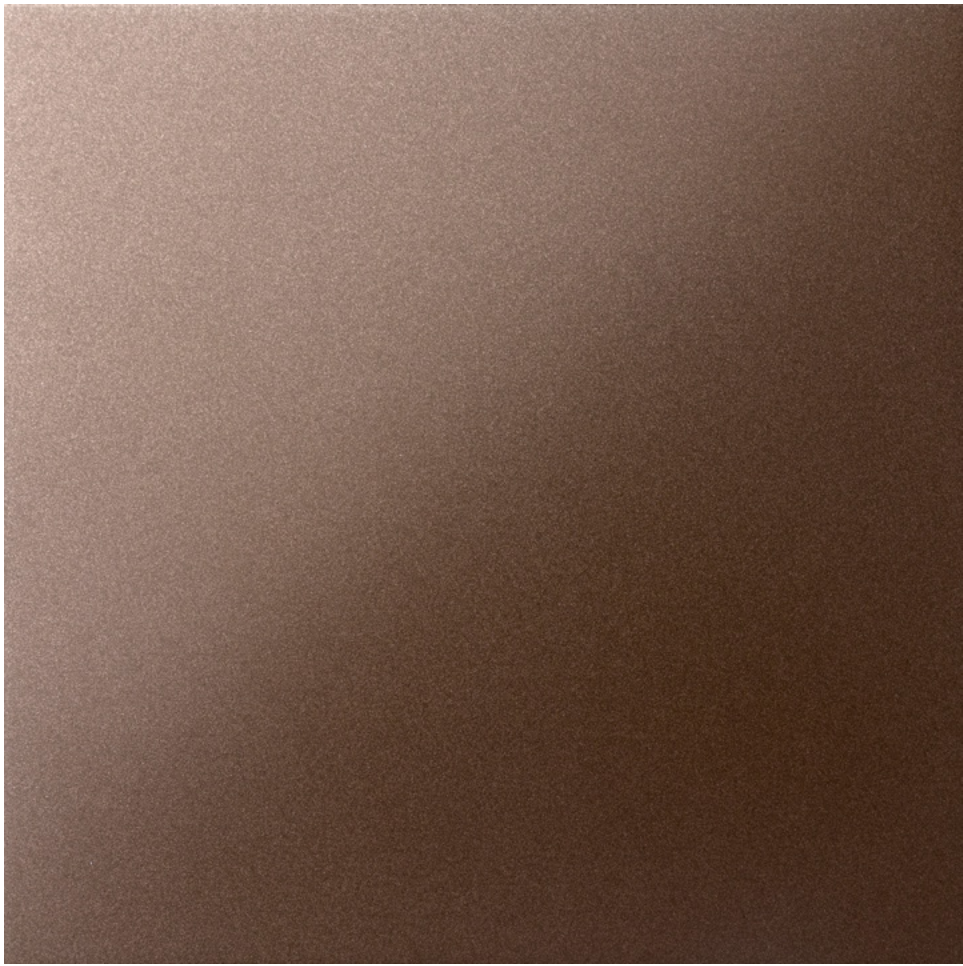

ETERNAL BLUE

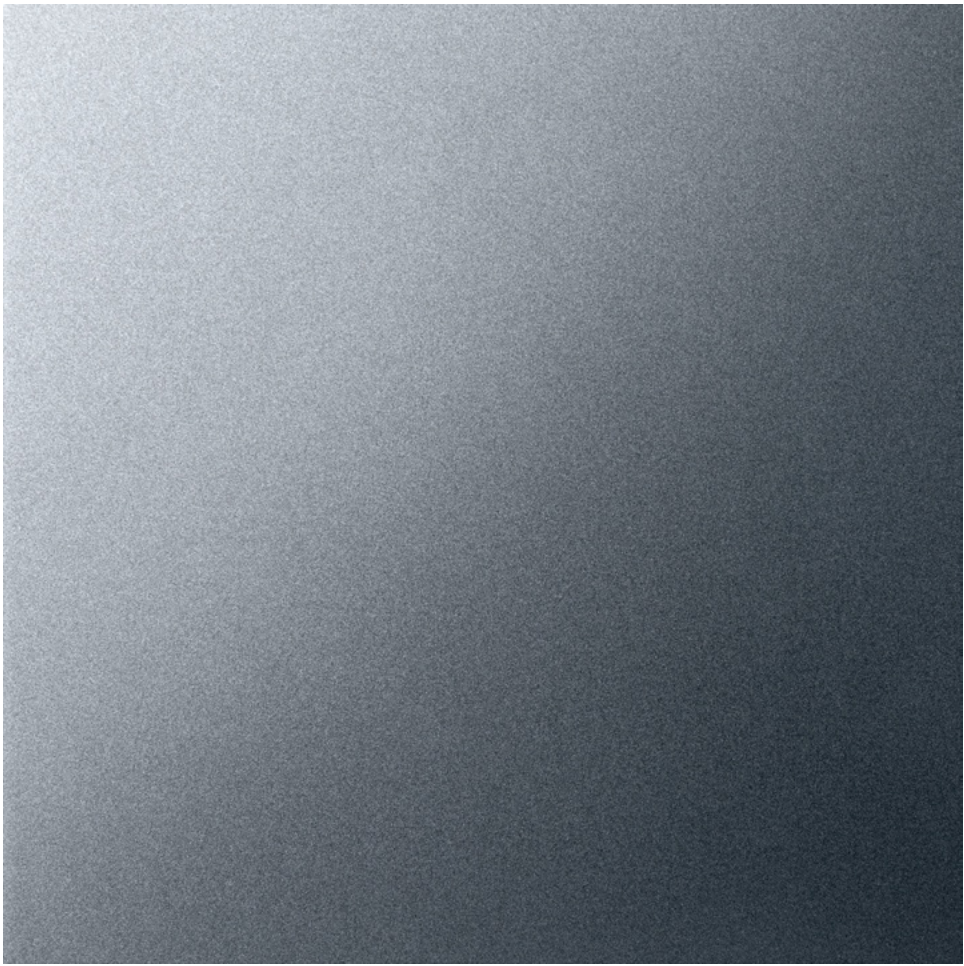

GLITTER ROSE

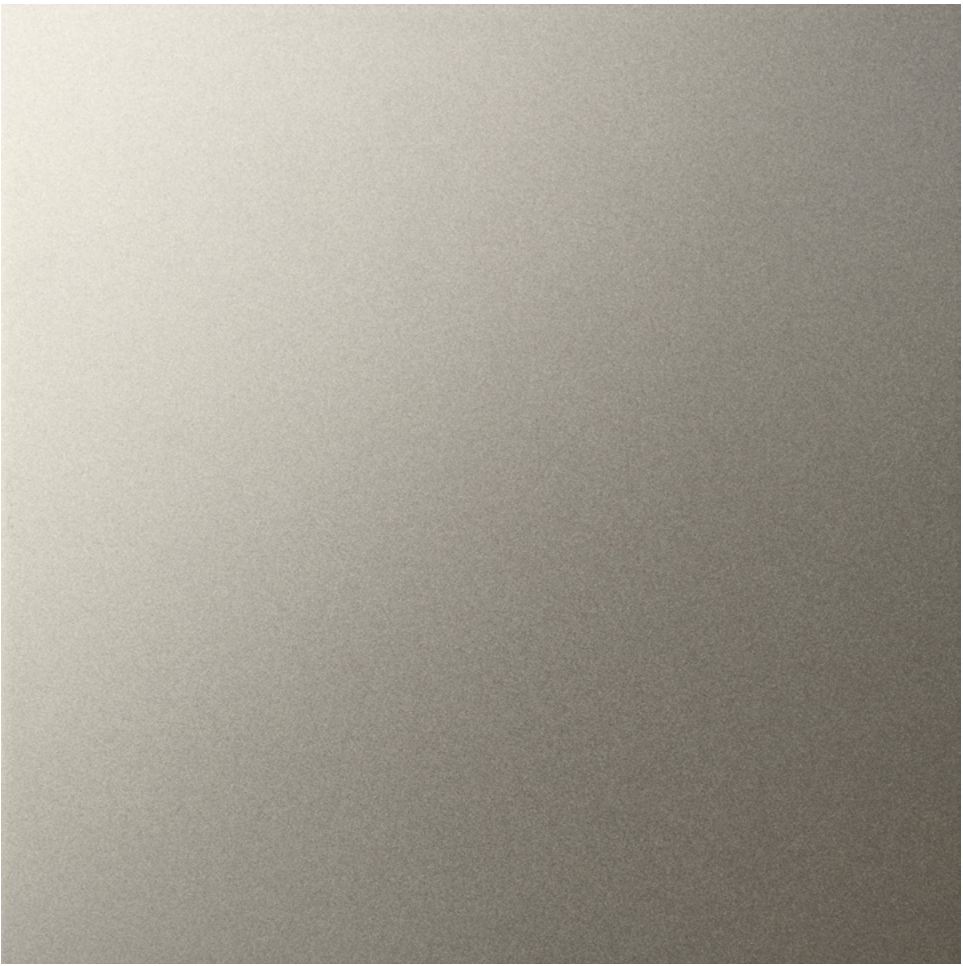

GOLD DRESS

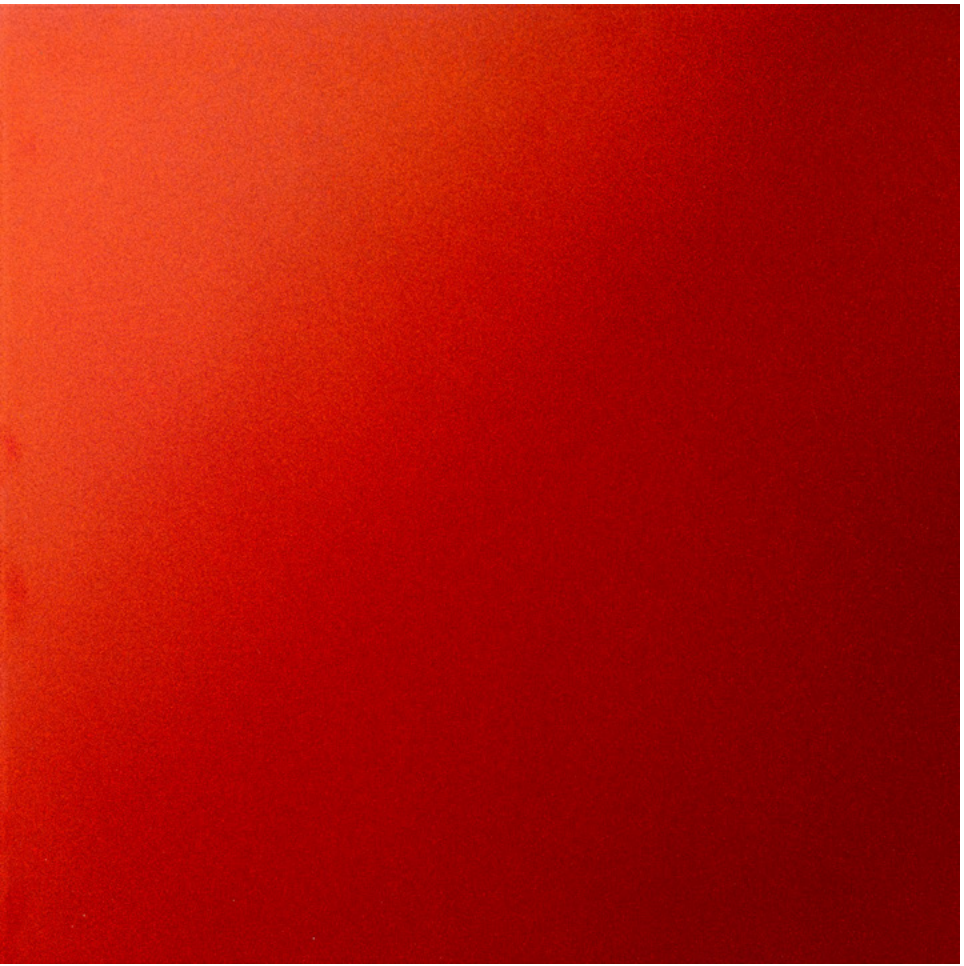

RUST

SHINY IRON

STAR

VICTORY RED

Wood

Varied essences recall the scents of Italian or exotic woods, adding intensity to compositions. The extreme versatility of the processing amplifies the vibrations of the material, enhancing its depth and creating natural recesses.

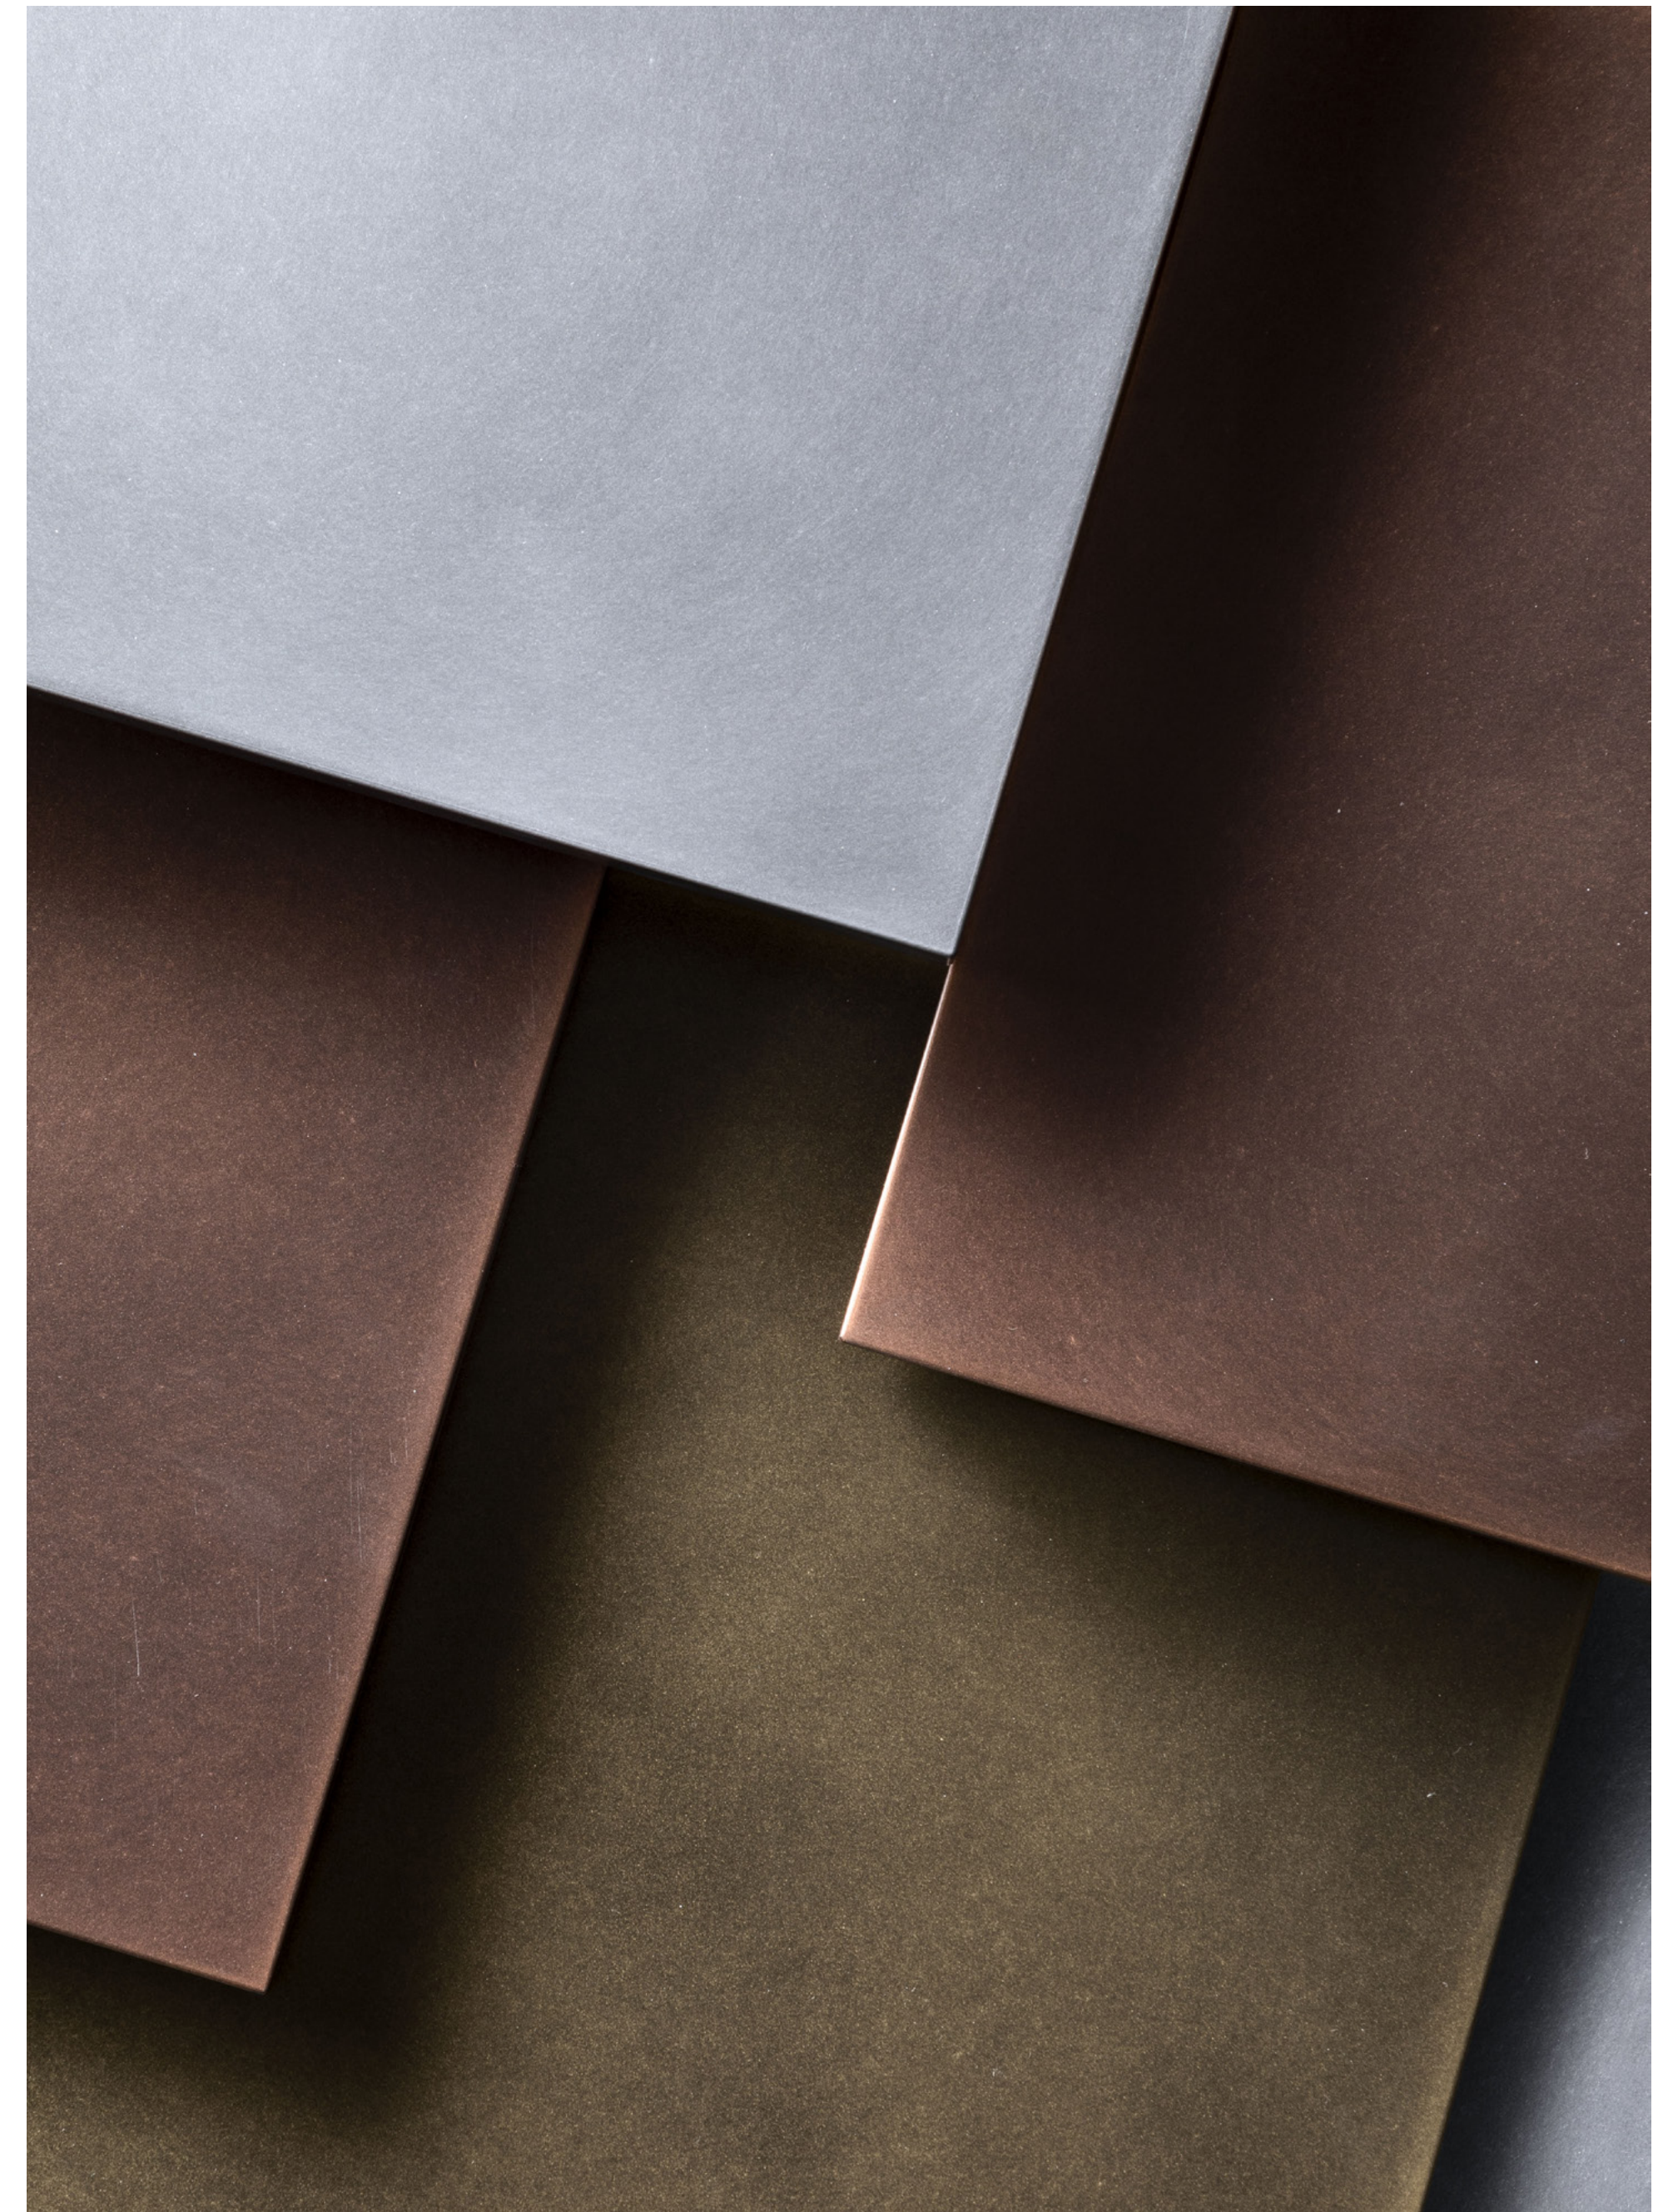

LIGHT OAK

AMERICAN WALNUT

Vintage

The flavour of Vintage is that of the contrasting shades of metal surfaces that have oxidized naturally over time. The physicality of the material and the tactile memory of the craftsmanship confer unprecedented results of materiality and chromatism.

FERRO VINTAGE

OTTONE VINTAGE

RAME VINTAGE

Metal

A selection of finishes inspired by the world of metals. Reflections, shades and scratches are reproduced manually on surfaces. Each one takes on a personal connotation, ranging from the intensity of steel to the liveliest shines.

ACCIAIO PLUS
